Contemporary Architecture In China
The British author Douglas Adams had this to say about airports: “Airports are ugly. Some are very ugly. Some attain a degree of ugliness that can only be the result of special effort.” Sadly, this truth is not applicable merely to airports: it can also be said of most contemporary architecture.

Architecture is content not shell. The project is conceived as the synergetic combination of two institutions, the Museum of Contemporary Art (MOCA) and the Planning Exhibition (PE), whose various programmatic elements, although each articulated according to their functional and performative requirements, are merged in a monolithic body enveloped by a multifunctional façade.
